PRESIDENTIAL POSTULATIONS

Even NCCC Presidents must participate in the judicial process. I'm penning this column from Room 209 of the Superior Court Building in Oakland, having been selected for jury duty. And so, swearing to be fair, impartial, and unbiased, let me fill you in on Club developments during the past month.

The NCCC Awards Committee, consisting of N6RO, N6BT, W1ARR, and N6KT, held its first meeting on August 2nd, just prior to the BOD gathering. The committee has adopted three major goals for future NCCC Awards Programs: 1)An ongoing consistency in the awards structure; 2) A positive attitude with respect to this structure; and 3)Basing the types of awards given upon the constraints set forth in our Annual Budget. The Awards Committee will decide what kinds of awards will be offered, coordinate the awards portion of the Christmas banquet, and set up a year-round awards program. If you would like to become a member of the Committee, or have any ideas or suggestions regarding awards, please....

TO PAGE 2-----

NCCC NEEDS YOU!!!

Not only that, NCCC needs your dues money! An astounding 60% of you have not yet found the time to put a check in the SASE that was sent to you FIRST CLASS with the Survey issue of the Jug. Dues are \$9 regular and \$6 for full-time students, a bargain in these inflationary times. If NCCC is to remain the outstanding Contest Club in the nation, the support of each and every one of you is required. Send your scores to the magazines, but send your dues to the club! In keeping with our new era of fiscal responsibility, the BoD has prepared a carefully balanced budget, and you, the membership, have approved it. But only your dues can make it work. Yes!! Yours, too! Please, gang---write that check and mail it now. In case you have lost the SASE, the address is:

Rick Tavan N6XI

1146 Pomgranate Court

Sunnyvale CA 94087

(Ed. note:The dreaded red X will return next month. Beware!!!)

DO IT TODAY...DO IT TODAY...DO IT TODAY...

AUGUST MEETING PROGRAM A BIGGIE

The August 27 meeting of the Northern California Contest Club will be held in Hayward at the American Savings and Loan office at the corner of Foothill and B streets. The program of the meeting---Mike ,K6MYC and Mel, K6KBE, of KLM Electronics will present a talk about antennas in general and the recent developments that have been made at KLM. Come and see what is available to make your station more able to K some B in the upcoming contest season. Remember the date-----

AUGUST 27, 1979

GARY GOES ON
(from page 1)

contact a committee member.

"Amazing!", "I Don't believe it!", and "A fluke!" were just a few of the comments in response to the United States Postal Service's handling of the July '79 issue of the CONTEST JUG. The JUG was mailed on July 18th, and it appears that approximately 75% of the membership received theirs on the next day! Congratulations, USPS! And please keep up the good work.

On behalf of John Doremus, W6AW, the NCCC will sponsor a plaque to be given to the high scoring single-op entry in the 1979 CQ 160 Meter Contest. NCCC will provide the award this year, and has opened a special bank account for donations so that the plaque may continue to be offered in the future. Officially, the award will be donated under the name, "The Friends of John Doremus."

Please find enclosed in this issue of the JUG the long-awaited results of the 1978 California QSO Party---my thanks to George, WB6DSV, for his efforts. Alan, K6XO, is now lighting the fire for this year's CQP. Be sure to let him know about your plans for the contest. Thinking ahead to DX contest time, K6HNZ, Ken, will coordinate our CQ World Wide training sessions, and should have details for us in next month's JUG. The sessions will allow you to get in some operating time from a big station, exchanging ideas and operating tips with fellow testers in a non-pressurized on-the-air one-on-one environment.

That's all forlk. I'll see you at the meeting, August 27.

Gary
WA6VEF

NOTES FROM VPCC W6XX

The dates for the CQWW DX Contest published in the last issue of the JUG are in error. The contest dates are as follows: Phone: Oct. 27-28
CW: Nov. 24-25

The newly formed Awards Committee recently had its first meeting and has produced some preliminary recommendations. I would like to immediately impliment one of these recommendations. Their suggestion is that when a club member receives an award for acheivment ina contest or contest related activity, a formal presentation of the award should be made to the member at a general meeting. This

TO NEXT COLUMN. - - - - -

PETE GOES ON
(from previous column)

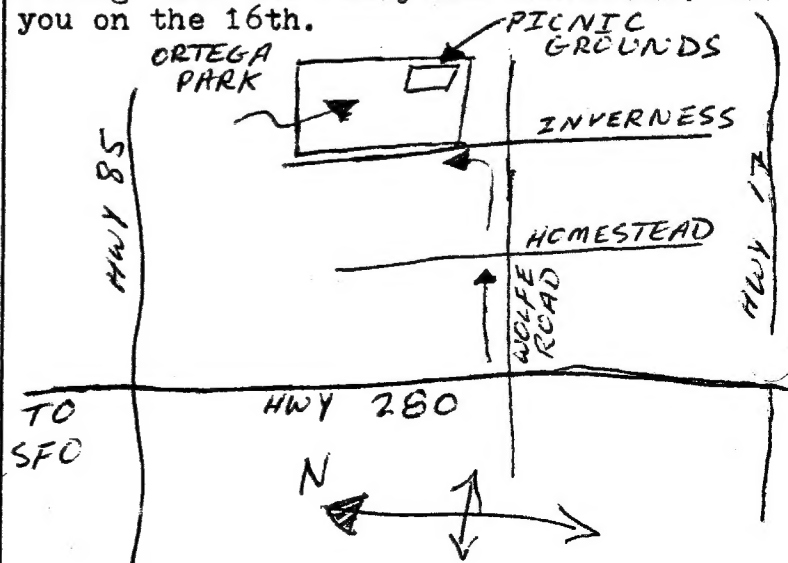

practice will help to provide proper recognition to our members for their achei ements in contesting and familiarize us with a greater variety of contests.

To impliment this practice will require the cooperation of members receiving such awards because in many instances the receipt of the award will be unknown to the club officers. We therefore request that you notify us when you receive a contest award and bring it to the next general meeting so that we may arrange for the presentation,. Please don't be bashful about doing this as you are certainly due more than this small recognition for the acheivment.

73,
W6XX

SUNNYVALE OLYMPICS UPCOMING

Yes, it is once again approaching that time of year again--the time when fellow NCCC'ers gather to compete in things totally unrelated to radio. No, I am not referring to sex; I am talking about the annual Sunnyvale Olympics, to be held this year on Sunday, September 16th. The location will be the same as in years past, at Ortega Park in Sunnyvale (where else??). We have reserved barbecue pits at the usual spot in the southeast corner of the park. Bring your own food, drink, and charcoal, as well as softball gloves, bats, tennis racquet and any other sports paraphenalia you deaire (or any other type of paraphenalia for that metter). The starting time will be the usual one, at about 12 noon. See map below for details on where to go. Our thanks to Rob, WB6SHD, for arranging this outing with the Sunnyvale officials. See you on the 16th.

3

And now, finally, we have the.....

1978

CALIFORNIA QSO PARTY

SPONSORED BY THE NORTHERN CALIFORNIA CONTEST CLUB

EDITED BY:

WB6DSV

The 1978 California Sweepstakes, uh... rather California QSO party again shows to be the top QSO party contest of 1978. A good number of participants both in and out of the state questioned when the NCCC sponsored party would be given major contest status!!! Anyone listening on 10, 15 or 20 meters at 1800Z on October 7th surely would have thought the November "SS" had started prematurely!!! This year's contest activity and scores were way up, new all-time high scores were set by K9BG (out of state), W6YX(N7MH op.) single op. California and N6KT/6 (multi-op.). Although activity and scores were up, 222 log entries were received, down slightly from 224 in 1977. Several BIG scores especially from California were not submitted. SEND in your logs guys, (my postman needs the exercise). In past years the NCCC has prided themselves in promising more than 200 different California stations participating in the party, this year a careful check of logs revealed that over 350 different California stations participated. (That's more QRM than in many of our states). Unfortunately no clean sweeps outside California were reported. Thanks in part to our mobile and DX-Peditionary forces all 58 California counties were activated at some point during the test.

CALIFORNIA COMPETITION

Top honors within the Golden state again go to Mike, N7MH operating the Stanford Univ. Club Station-W6YX. Now after winning an unprecedented third year in-a-row, Mike and Stanford's station are rising to All-American status. Can this be the start of a dynasty? Mike's effort was truly magnificent, his before dupe total was over 2,000 QSO's!!! That's right, 24 hours and in a QSO party! Mike's average rate calculated to just over 82 QSO's each hour-fantastic. Close on the heels of W6YX in this year's contest was Dean, N6BV in S.F. W6YX and N6BV are all to themselves in the exclusive CQP 200k plus category. Dean's score would have easily won last year's competition. Dean made a clean sweep (along with only K6SE) and 1848 QSO's which represents the second highest all-time score. Following Dean came WB6DSV operating from the home QTH for once! Fourth place found Rob, WB6SHD operating N6RZ's mountain top station while Dave (N6RZ) operated at K6BJ. In 5th place we find the ONLY SOUTHERN California station in

in the top ten, K6SE, operated by Dennis WA6OYV for 157k. Following Dennis, we find K6RV operated by Carl AI6V (what's that call) at 112k. Close on the pursuit of Carl came Bill W6TPH warming up for his record breaking "SS" effort with 105k. At eighth place and just above the 100k mark is Ron, WB6SXJ who turned in 101k in his first serious contest effort. Doc, WA6T00 barely edged out Ken K6HNZ for ninth place, eventhough Ken out QSO'd him. Doc's two additional multipliers eventually won out with 60 points to spare out of nearly 100,000 points. Congratulations to all for making the competition so fierce.

OUT OF STATE COMPETITION

The 1978 CQP found Jerry K9BG again at the top of the out of state competition. Jerry's 1978 score of 66k represents a 13% increase over his 1977. In reviewing the K9BG log one can easily see why...the pipeline from California to Illinois on 28 MHz seems to have paid off well. The K9BG score also sets the new all time high score (out of state) for the CQP, be sure Jerry will be at it again this October. The '78 CQP out of state title turned out to be a one man race with the balance of the top ten well below K9BG's record score.

A record number of logs were received from DX stations, actually a 37% increase. Many of the DX stations commented on the topic of asking California stations to swing their beam antennas away from domestic activity more often. It seems many DX stations, especially in Europe, are avid county hunters, they look forward to the CQP as a yearly event where rare counties can be found. All in all 120 logs were submitted from out of state. They include 16 DX countries, 3 Canadian sections and 41 states.

MULTI-OPS.

"This total will require a herculean effort to beat," these words from previous CQP writeups best describe great feats of accomplishment. With this in mind N6KT and a host of NCCC ops. amassed radios, antennas and towers to venture to San Benito County where a new all-time high multi-op. score has been established. Their eyepopping 2641 Q's and 58 (clean sweep) multipliers also establishes another all-time high score as well as satisfies the requirements for herculean mention.

DX-PEDITIONS

The CQP DX-peditions whether mobile or portable makes the activity rewarding and challenging for all participants. Again this year we should give special thanks to the hearty travelers who gave us the rare and medium rare county multipliers. County expeditions were made by-N6AU (Alpine/Mono/Tuolumne), K6OQ(Tutte), N6OM(Calaveras), W6TPH(El Dorado), K6BJ(Glenn), K6LL(Imperial), K6PJY(Lake), N6KT(San Benito), N6OJ(Sonoma/Mendecino), AA6DX(Trinity). Congratulations on a job well done!

Special thanks should also be given to the NCCC's own WB6RIU who mobiled through 14 different counties often giving out the only contacts from each rare county. In past years Andy has covered the Northern or Southern ends of our state, this year Andy concentrated on the Central Valley counties.

Andy was not the only NCCC'er to mobile through various parts of California, special thanks are also in order to N6BT, who with the help of a crack(up) team made up from N6TU, N6SF and N6KB, mobiled through the Northern reaches of California running 1KW (at least) to a TA-33 driven element secured above the camper shell. Two stations were manned while in motion, and multi-multi mobile operation took place in several places.

CLUB COMPETITION

The CQP Club competition is broken down into two categories-in and out of state. The out of state winners for 1978--MAD RIVER RADIO CLUB. This group of highly enthusiastic testers from Ohio will receive their plaque just in time to make plans on how to defend their title in the '79 CQP. The California state competition was won by the KB'ers of the NCCC.

SOAPBOX

I obeyed all the rules. Just couldn't make Q's! - (N6XI)...A fun time had by all. Had anxious moments when park ranger said we couldn't camp where we set up, told him, we aren't camping! just sitting in front of the radios all night. - (WA6OCV op. at K6BJ)... Great contest, has something for everyone - (N6QC)... This is my first contest single op. thank you for a very pleasurable contest - (WB6SXJ)... Great Contest!!! - (N6JV Bed Mobile)... My first effort at contesting C U again next year - (WA6TOO)... My first CQP, felt at times I was at Clipperton with the pileups! - (WA6EKJ)... The CQP is an excellent event for shaping of novice testers and for preparation of the winter contest season. - (W6VLD)... Battery powered TS-900 at 9,800' elevation, it was cold, it was fun - (N6AU)... Had "S-8" line noise throughout contest - (W6KPJ)... Had little time to devote to CQP, wife picked weekend to clean out garage, only time on air was during rest periods! - (W6BYH)... Great Contest, wish I had my Beam up - (WD6EEQ)...

You guys put on a GREAT Party, - (WD8LOQ/O)... Had a great time, can I take multiplier credit for babysitting 13 week old Harmonic? - (WAORMG)... Always fun to work CQP, 10 meters made it interesting - (WOEKB)... CQP continues to be the top state get-together, 40 mtrs 100% Lousy, C U next yr. - (W5NR)... Great way to break - in a new tri-bander - (AA8S)... Your CQP gets better every year - (K4BZD)... Many thanks to those whose patience & keen ears enabled me to work them - (WA9IXF/KL7)... See you next year - (W1DLC)... Am amazed at the number of Calif. participating stations, if only like that here during Fourland QSO Party - (WA4YUU)... Lots of stations C U next year - (WA0FPL)... The best of the state contests, beautiful participation - (WDOCL)... Enjoyed the CQP, the only state contest to have enough participation to make it worthwhile. - (WA5DTK)... Was pleased to find so many CW stations taking part not like other tests - (VE3KK)... Fine contest, very courteous operators, C U next year - (KLITS)... Really enjoyed working courteous W6's not like W9's & W4's - (VE1BTG)... TNX for FB contest, gud warmup for "SS" - (W9J00)... Fantastic party, wish I had more time - (NORJ)... Let me congratulate you guys for a super contest, we'll have to put the CQP in the major contest category, I'll be digging for 58 counties again next year - (K9BG)...

Editor's choice for best log declaration:

I didn't cheat. Goodenuf? N2ALK, Age 15.

*REMINDER: 1979 CQP, October 6th and 7th. 1800Z

6

TIDBITS, TIDBITS

Congrats to WD6AGJ and WD6EPV, both holders of new Extra Class tickets...WA6VEF now has an ample supply of aluminum, having purchased W6AW's 5 el. 20, 6 el. 15, and 5 el. 10 meter KLM beams. Now, if only he could put them up...Ron, WA6DGK, is off to the University of Kansas to try to get a PHd. in Biology (Ed. note- What's wrong with Berkeley?)...Also, N3ER is back in the area attending Stanford with the goal of getting a PHd in Business...K6HNZ/VE1 IARU Score: 915x85 Phone only with only a dipole!...WA6AVS now residing in Vallejo...WA6BOB now on 6 meters with a Swan(!) 250 and 3 elements...N6BT provided the attendees at the Reno hamfest with a most informative contest forum...WA6IQM has tower back up following station and home remodeling...WA6HJV's voice is changing...WA7NIN trying to get active on 6 and 2 meter SSB before September contest...AA6UO and N6NE to attend UC Berkeley in Sept., and WD6AGJ to attend UC Davis...K6WJ back in town, working hard in Silicon Valley...N6AMG may finally be getting a job...WA6VJH moving to Hayward...AI6V working on Nevada City property, getting ready for it to KB...N6IG has 2 meter KW ready to go on air in Sept. test.....

SWAP CORNER

WD6AGJ is still looking for a 450 MHz. hand-held portable, similar to a HT220 or PE. Contact John at 968-2856.
N6AMG looking for 4CX250's, 4X150's, etc.
